<Declaration portion>

It is to submit the following details/documents to pursue the request of road cutting and accept to remit the fees, as per the claim of local body, required to restore the cut open area of the road as proposed.

We understand that the Road Cutting permission will be given based on submission of mandatory enclosures and following terms and conditions. I/We accept the terms & conditions:

- (i) Proper barricading has to be done and cautionary tape and cautionary light have to be provided.
- (ii) The road cut have to be done only using a road cutting blade to line and should be in regular/square shape.
- (iii) The cut portion has to be drilled and removed using pneumatic drill.
- (iv) The excavated material should be carried away immediately and cut portion filled immediately with inert material such as M-sand/CS sand/ Stone dust /4mm below blue metal chips and compacted in layers to the brim/top surface.
- (v) The work should be completed within the date as would be specified by the department; if not the permission obtained will become invalid.
